## The only exhibition fully focused on the caregiving industry

**104 - The Caregiving Expo** is the biennial event dedicated to the care and support for elderly, disabled and frailest individuals along with their caregivers. The name evokes the Italian law 104, the main regulations referred to assistance, social integration and rights for people with disabilities.

## The best personal care products and services from Italian and foreign companies

Specialised clothing

Care facilities  
for elderly and disabled

Technologies, services and equipment  
for barrier-free living

Mobility  
and walking aids

Assistance products and services, including homecare

Institutions, associations and organisations

Systems and equipments for medical and physiotherapeutic care

Specific diets and nutritional advice

Barrier-free leisure, tourism and sport

## An event targeting both professionals and individuals

Focusing on the care of the frailest individuals and the improvement of the living conditions of the elderly and people with disabilities, **104 - The Caregiving Expo** is reserved both to professionals from the entire caregiving supply chain and individuals interested in learning more about the best solutions for a more inclusive and accessible everyday life.

CAREGIVING  
EXPO

## Workshops, conferences and training credits

A landmark trade fair that offers new opportunities for discussing and networking and aims to be also a key event for training opportunities on the main topics of the sector. The exhibition will be flanked by a packed program of cultural and scientific sessions, focusing on taking stock of the situation of the industry and its future developments, presenting the most innovative solutions, working towards an increasingly accessible society and creating occasions for debate and reflection.
